Apex Sports Authority is a non-profit organization and can only be as successful as its members make it. **In order to have a successful season, parents/guardians will be required to assist in one of the following capacities 4 times each season for each child they have participating whether it is for football or cheer.** For each volunteer duty served by your family, you greatly assist in aiding us toward the goal of owning our own fields.

Some of the areas your assistance will be required will be:

Duties will be assigned and credited to each of the participants' parent/guardian by the Volunteer Coordinator and/or Team Administrator. Consideration will be given to preferred areas of interest, but there is not a guarantee that help will not be needed in other areas.

Failure to complete the volunteer requirements will result in the participants' parent/guardian being billed \$150.

If a parent/guardian prefers, he/she may choose not to participate in our volunteer program by paying \$150 at registration so other arrangements can be made.
